5. How are they travelling to Manchester? - Bus
6. What does the woman want to buy? - Sweater
7. What activity does the boy do now? - Basketball

**READING**

Many of you know and love books by Mark Twain, the famous American writer. His novels "The Adventures of Tom Sawyer" (1875) and "The Adventures of Huckleberry Finn" (1884) are classical books for children and are still read and enjoyed all over the world.

"The Prince and the Pauper" (1882) was mark Twain's first historical novel. Many characters of the book are real people. As you know, King Henry VIII died in 1547 at the age of 56. He had been married six times. By his first wife he had a daughter, Mary. By his second wife he had another daughter, Elizabeth (Queen Elizabeth I), and by his third wife he had a son Edward, who is the "Prince" of this story. Edward was king for only six years, 1547-1553. When he died, the throne passed to Mary and then to Elizabeth.

In Mark Twain's story Edward meets a poor boy, Tom Kenty. The boys look like twins, so when they exchange their clothes Prince Edward is thrown out of the palace and Tom stays in the king's residence. Soon King Henry dies and poor Tom prepares to become king of the country though he does not like this idea at all.

At the same time Prince Edward travels about the country, suffers from cold and hunger and thinks about going back to London. When he hears about his father's death, he knows that his time has come. He and his friend reach London on the day when the new king is going to be crowned.

Real Edward was crowned king. He was a very good king because he had been among the people and had learned how they lived and what they needed. Tom lived in the palace and was the king's best friend. When Edward died, Tom went and lived in a small house with his mother and sister. He wrote this story telling how Tom, the pauper, was King of England for a few days.

8. Children of different countries like books written by Mark Twain.  
1. TRUE    2. FALSE    3. NOT STATED
9. The books were translated into 56 languages.  
1. TRUE    2. FALSE    3. NOT STATED
